- Languages 1 – 27 were selected in the original selection process documented in the UPG book and are in prioritized order.
- Languages 28 – 31 were added in 2019 as a result of the expansion of SRG’s work into Pakistan, and are in priority order, but separate from languages 1 – 27.
- Language 32 was added in 2020, during supplemental project due diligence, as a result of field research pertaining to Southern Pashto (language 30).

- Language 33 was added in 2019 at the request of Labib Madinat in discussion with SRG.
- Languages 32 & 33 do not meet the original criteria for selection, but each was included for strategic reasons.
- Two greyed languages (11 & 27) were removed in 2019 when field research indicated that they do not fit SRG selection criteria.
- The current, net number of UPG languages is 31.
